OCEANIS 45

# Welcome

The Oceanis 45 is an attractive, well-conceived cruising boat that should appeal to sailors who like clean modern styling combined with more conventional accommodation plans. The large, practical fold-down transom will be particularly seductive to families who like to spend time in the water.

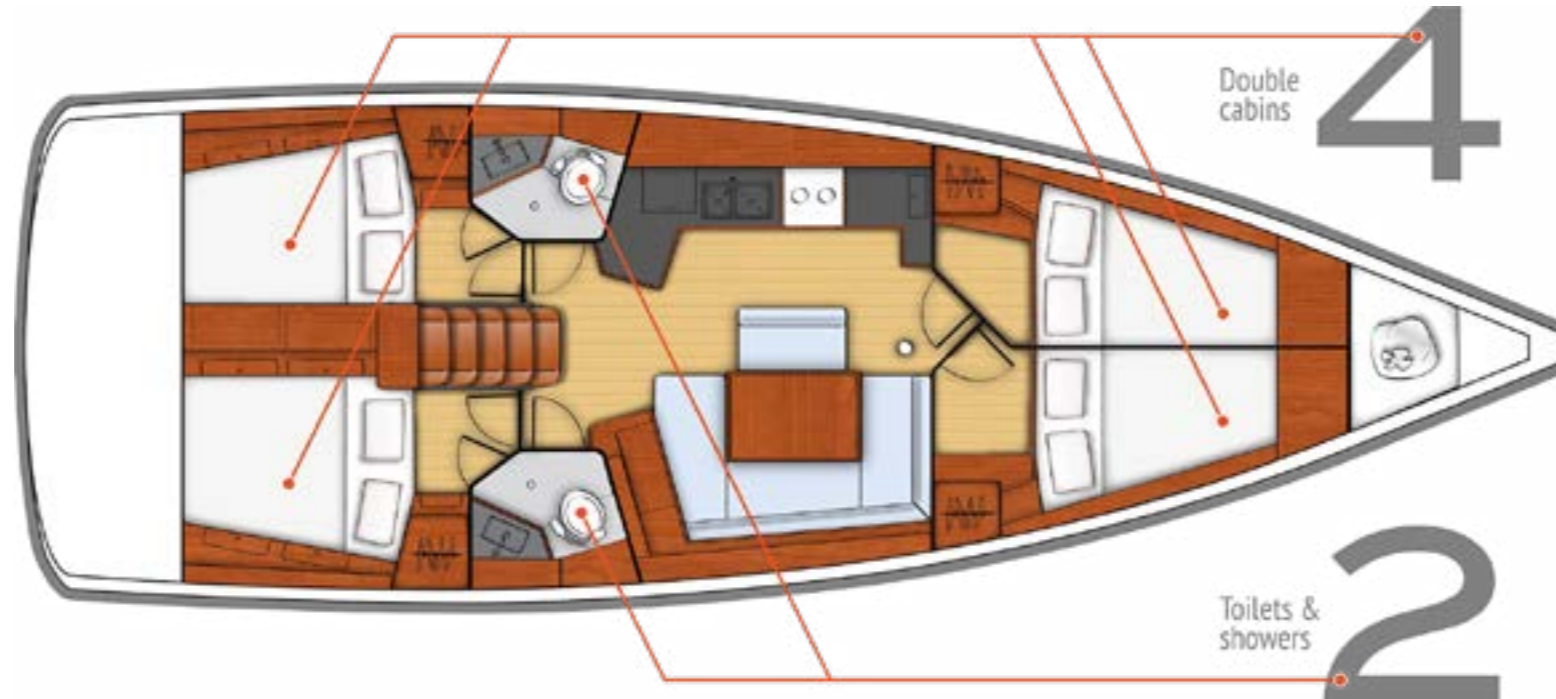

On a very stable seaworthy hull, the Oceanis 45's deck plan clears space and simplifies manoeuvring. She has made very good progress in her ability to combine sailing speed and the pleasure of living on board. Long cruises are now much safer.
